**Greenwire -- Tue., February 12, 2013 -- [Read the full edition](#)**

**1. LNG: Senate Energy panel chairman cites climate, fracking concerns as export debate begins**

Senate Energy and Natural Resources Chairman Ron Wyden linked the proposed shipments abroad of U.S. liquefied natural gas to threats of climate change and controversies over hydraulic fracturing as his committee began what's expected to be a long, grueling debate over LNG exports.
